

Cisco WebEx Meeting Center

Accelerate project cycles and drive business growth with online meetings.

Incorporate WebEx Meeting Center™ into your business process and empower your workforce with online collaboration. Bring remote designers and engineers together to review the latest plans. Conduct regular meetings between geographically scattered staff members. Hold lively creative sessions with your marketing and advertising teams. Make WebEx Meeting Center available to every department and watch productivity soar.

MEET OVER THE WEB IN REAL-TIME

It's simple. Launch or join a meeting using any web browser. Communicate information and share documents, presentations and applications – just as if you were together in person. Pitch ideas. Demonstrate products. Discuss the hot issues. Involve everyone you need – regardless of location.

to scale as your needs change. The MediaTone Network offers better than 99.9% reliability, as well as robust security. Your information is never persistently stored on our servers and 128-bit SSL and AES encryption ensures all of your meetings are private and secure.

Take advantage of powerful features for easy collaboration

COORDINATE MEETINGS EASILY

Meeting Center features PowerPanels™ to help you keep everything running smoothly with separate attendee and host views. Deliver clean, interactive full-screen presentations and documents to participants. Manage meeting functions with control panels behind the scenes without distracting anyone.

SECURE, SCALABLE SERVICE

WebEx Meeting Center is delivered on demand over the WebEx MediaTone™ Network, a private global network. No new hardware or software is required, making it easy to implement and easy

SHARE DOCUMENTS, APPLICATIONS OR DESKTOPS

Share and control documents, applications or desktops remotely in real-time, without uploading files to a server. Collaborate on content as you view, annotate and enlarge documents or graphics. Switch between different sharing modes without transitions or distractions.

RICH MULTIMEDIA EXPERIENCE

Engage your audience by incorporating multimedia into your presentations: PowerPoint™, Flash™ animations, and audio and video.

INTEGRATED TELEPHONY

Keep conversation flowing with integrated audio. Choose toll or toll-free teleconferencing with call-in or call-back options.

ACTIVE TALKER

Identify who is speaking by a flashing icon in the meeting participant panel.

VIDEO AND VIDEO CONFERENCING

Give your attendees a real-time visual reference. Simulate face-to-face meetings with participants from multiple locations with multi-point video.

Meetings & Collaboration

RECORD, EDIT AND PLAYBACK MEETINGS

Record meetings and applications for future reference, training or demonstrations.

DESKTOP INTEGRATION SUITE

Initiate meetings instantly from MS Office™, MS Outlook™, Lotus Notes and various instant messaging solutions.

ONE-CLICK MEETING ACCESS

Start a meeting and invite attendees instantly from your desktop.

ENTERPRISE INTEGRATION

Use your single sign-on to access Meeting Center, and count on easy integration with other enterprise applications.

CROSS-PLATFORM SUPPORT

Meet with anyone without worrying about what operating system they use. WebEx offers unmatched support for Windows, Mac, Linux and Solaris.

WEBEX MEDIATONE™ PERFORMANCE AND RELIABILITY

Conduct multi-point interactive meetings worldwide – without latency interruptions.

SWITCHED NETWORK AND 128-BIT SSL ENCRYPTION

Hold even your most confidential meetings with complete confidence.

POWERPOINT NOTES PANEL

Allows presenter to privately view MS PowerPoint notes as a panel while sharing presentations.

EMAIL AND IM INTEGRATION/QUICK START MEETINGS

Easily send invitations and reminders to a meeting through your local email solution or IM reminders through WebEx AIM Pro.
